COROX

Custom Leadership Training

Who is Coro X for?

Companies, Organizations, and Teams

We deliver leadership training across industries and at every organizational level: company-wide rollouts, departmental training, employee-resource group programming, and executive team development. **Use Coro X to enhance current offerings or as your complete leadership development solution.**

Community Groups

Coro X training strengthens capacity and effectiveness for community groups and coalitions to increase cohesion and impact, grow capacity, foster volunteer and/or staff cohesion, and build a strong team of dedicated, mission-aligned stakeholders.

Student Groups

Coro X partners with educational institutions to deliver specialized training to student leadership groups or incorporate Coro X frameworks into existing leadership courses.

Coro X is your Team- and Capacity-Building Partner

From single-day retreats to intensive, multi-session engagements, **Coro X** combines experiential learning, practical frameworks, and facilitated reflection to address each team's particular goals and challenges.

Each **Coro X** engagement is designed around the needs of the organization, with focus areas that may include developing emerging leaders, strengthening group dynamics, leveraging partnerships, navigating change, preparing for succession, and building teams capable of moving complex work forward together.

CORO CALIFORNIA

Custom leadership training for your team, organization, or community

Enhancing member benefits and connection: Through a partnership with **SoCal Grantmakers**, Coro designed and facilitated a three-part leadership series for 42 of their philanthropic professionals members. The cohort-based experience allowed participants to strengthen self-awareness, adaptive leadership, conflict navigation, and collaborative leadership skills while building meaningful connections with peers across the sector.

Diving into adaptive leadership: When **Rising Sun** wanted to strengthen its team's capacity to meet the evolving needs of the communities it serves, we designed a full-day retreat for its 40-person staff. The interactive session gave participants a shared set of leadership frameworks and practical tools, with a focus on running effective meetings and leading adaptively in the face of change

---

Leading through change: The **Bureau of Contract Administration** partnered with Coro to support their staff growth as adaptive leaders, equipping them to navigate complexity and lead through change with confidence. Participants learned to connect their personal purpose to the organization's broader mission, strengthen communication across teams, and build practical frameworks for leading in moments of uncertainty.

Supporting leadership growth and collaboration: Coro designed and delivered custom, cohort-based programs that gave **UC Berkeley and UC San Francisco** faculty practical leadership tools and connected them to a trusted network of peers across campuses.

“I learned an incredible amount not only about my work style, but my general communication style and ways to use that knowledge to better my leadership skills.” - Coro X Program Participant
