YOUTH CLIMATE FELLOWSHIP

Launching the next generation of climate leaders

Grow. Learn. Lead.

Big-Picture Thinking: Explore both critical climate issues affecting California and the innovative solutions to address them.

Learn By Doing: Gain knowledge and build skills through hands-on activities, site visits, and direct engagement.

Career Exploration: Discover exciting climate career opportunities in sustainability, environmental justice, and policy.

Take Action: Build practical skills in advocacy, collaboration, and communication and the confidence to lead projects, engage with decision-makers, and create change.

Summer 2027 Key Details

Cost and scholarships: $2,500 tuition; Needs-based scholarships available *(funds are limited; first preference given to early decision applicants)*

Early Decision Deadline: January 26, 2027
Regular Decision Deadline: March 30, 2027

Sessions: July 7 - 9; July 12-16; July 19-23; and July 26 - 30
Daily from 9:30 am to 3:30 pm

Ideal Candidates

- ☑ High school sophomores, juniors, or seniors when applying
- ☑ Live or attend school in the San Francisco Bay Area or Greater Los Angeles
- ☑ Are interested in or passionate about climate action and can commit to full participation

"My time at Coro has allowed me to refine and gain skills that will allow me to work in leadership opportunities, as well as to take on greater environmental and humanitarian issues. The people and places I've visited allowed me to gain new perspectives and ideas that I wouldn't have thought of on my own..." - **Ashley Sanchez, 2026 Youth Climate Fellow**
